

ANDY CHRISTIE

SENIOR DIGITAL DESIGNER

A senior digital designer with years of agency experience designing and producing high-end digital content for global brands such as Dell, Amazon and FLS.

I'm currently employed at FLS where I provide in-house design and production expertise to the global marketing team and to the business as a whole. I assist the Branding team in reviewing and approving all design related tasks, while offering creative direction to both in-house and external designers.

EXPERIENCE

Digital Designer

FLS
Copenhagen
2023 - Present

I provide digital design & production expertise to the global marketing team and to business as a whole, while working closely with Branding to review and approve all design related tasks and requests.

I provide creative direction to internal and external partners while also working on high level design projects such as our recently completed website re-design and Corporate Visual Identity (CVI) update.

Digital Designer / Video Specialist / Motion Designer

Wunderman Thompson Studios CPH
2019 - 2023

I designed and produced high-end digital content for Global brands such as Dell & Amazon.

Working on seasonal digital campaigns, I specialised in concept development, video production/editing, motion graphic design & graphic design.

FAVORITE QUOTE

“Try not to become a man of success,
but rather try to become a man of
value.”

Albert Einstein

I'm a friendly, active and outgoing person who enjoys socialising and spending time with my family and friends. I'm originally from Edinburgh, Scotland, but moved to Copenhagen in 2010 to be with my wife Maria. We now live in Roskilde with our two daughters, Alba, 9 and Filippa, 4.

After 10+ years working in investment banking, I switched career paths and graduated with an AP degree in Multimedia Design & Communication from KEA where I developed my passion for digital design. Over the past 8+ years I have been designing & producing high-end digital content for Global brands such as Dell, Amazon & FLS.

I'm a multi-disciplined Digital Designer with a can-do attitude. I offer a wealth of experience in designing digital campaigns, while also specialising in web design, video production, video editing and motion graphic design. I'm a passionate and professional designer who enjoys continually developing, learning new things and collaborating creatively with others.

At this point in my life, I'm looking to further develop my career in a senior design role, utilizing the skills that I have, while seeking to continually learn and develop. I love to travel, experience new cultures and meet new people. I have a passion for music and play guitar, while I also enjoy keeping fit by running, cycling, swimming and going to the gym.
